

Modern History of Hawaii
Kailua High School
Social Studies Requirement
2019-2020

A	Tuamotu Archipelago (700 C.E.)	I	Fiji (1000 B.C.E.)
B	Rapa Nui (1000-1200 C.E.)	J	Samoa (800 B.C.E.)
C	Hawaii (900 C.E.)	K	Tonga (900 B.C.E.)
D	New Zealand (1200 C.E.)	L	Marquesas (700 C.E.)
E	Southeast Asian Peninsula (before 3000 B.C.)	M	Caroline Islands (1000 B.C.E.)
F	Solomon Islands (1300 B.C.E.)	N	Guam (1500 B.C.E.)
G	Vanuatu (1200 B.C.E.)	O	Marshall Islands (200 B.C.E.)
H	New Caledonia (1200 B.C.E.)	P	Kiribati (Gilbert Islands, Phoenix Islands, Line Islands)
		Q	Tahiti (700 C.E.)

INSTRUCTIONS: Label the locations above (with time period) that are designed by letters on the [provided map](#). Answer all questions below **by using the terms**, not the term's designated letter. Review the following map first: [Chronological Spread of Austronesian People](#)

1. Where does Polynesian migration begin before 3000 B.C.E.?
2. Which islands are populated about 1300 B.C.E.?
3. Which islands' migration branch south and southwest about 1200 B.C.E.?
4. From which island do migrants settle Samoa and Tonga?
5. What is the approximate date of settlement for the Marquesas and Tuamotu Archipelago?
6. Which island groups become the center of migration for what is called the Polynesian Triangle?
7. Which islands comprise the Polynesian Triangle.
8. Which island group of the Polynesian Triangle was settled last?
9. Using a series of arrows, draw out Polynesian migration from 3000 B.C.E. to C.E. 1200.
