World History and Culture Kailua High School Social Studies Requirement 2023-2024

INSTRUCTIONS: On separate paper, write the class heading and skip one line. Then write two citations¹ for the article. Please format the citations correctly and skip one line after each citation. Answer all questions in complete sentences unless instructed otherwise. Complete all footnoted vocabulary by writing each word, its part of speech, its definition, and by providing a sentence for each word based on your understanding of the word. <u>Do not write</u>: "I don't understand the word . . ." or "It is difficult to use the word . . . in a sentence."

http://www.psychologytoday.com/blog/freedom-learn/200808/brief-history-education "A Brief History of Education." <u>Psychology Today</u>. August 20, 2008. Peter Gray.

1. Write out three characteristics of "school". (1)

2. Identify the underlying assumption about "forc[ing] children to go to school, or if schools operated much differently..." (1)

3. Write out the name of the school "where for 40 years children have been educating themselves in a setting that operates on assumptions that are opposite to those of traditional schooling." (2)

4. In what ways do "average children become educated" at Sudbury Valley School? (2)

5. What "idea" do "we have to abandon...[i]f we want to understand why standard schools are what they are"? (3)

¹ A citation has two forms: research and bibliographic (or works cited). A research citation is made of the following elements and please note line indentation:

Author's First Name Last Name. "Article Title." <u>Source Title</u>. Date. URL (<u>http://weisun.org/assignments</u>) (Notice how the first line is indented and the succeeding lines are flush to the left margin.)

A bibliographic (or works cited) citation is made of the following elements and please note line indentation:

Author's Last Name, First Name. (year). "Article Title." <u>Source Title</u>. Month and day. URL (Notice how the lines of this citation are indented. The first line is flush to the left margin and the succeeding lines are indented.)

6. Identify what schools "are...products of" and the point of "view" necessary for their understanding. (3)

7. If we were making a timeline of the history of education, what would be the end points? (3) **B_____P**

8. How does Gray describe the "beginning" of education for children? (4)

9. How did humans live "before the advent of agriculture"? (5)

10. Describe education of "children in hunter-gatherer cultures". (5)

11. What happened to "children", "[p]lay", "exploration", and "[w]illfulness "[w]ith the rise of agriculture, and later of industry"? (6)

12. Approximately, when was "[t]he invention of agriculture"? (7)

13. Identify the main difference between "[t]he hunter-gatherer way of life" and life in an agricultural society. (7)

14. Describe the importance of "knowledge" and "skill[s]" in a hunter-gatherer society. (7)

15. According to "[a]nthropolgists", how did hunter-gatherers "underst[an]d" "all of life"?(7)

16. Make a T-chart of the differences between hunter-gatherer society and agricultural society. (8) (And remember to title the T-chart.)

Title \Rightarrow Differences between Agricultural Society and Hunter-Gatherer Society

Hunter-Gatherer Society	Agricultural Society	
Nomadic life-style	More food	
Small populations	More people	
Foraging for food	Sedentary society	
Children played and explored	Planted agriculture	
(Other early characteristics: Matriarchal, Cyclical	Private property	
time, Polytheistic [immanent Gods], Society is a	Children worked the fields	
miniature cosmos)	(Other successive characteristics: Patriarchal,	
	Linear time, Monotheistic [transcendent God],	
	Society is the sum total of human action)	

17. Identify what happened "for the first time in history" as a result of "[a]griculture [,] ownership of land and accumulation of property"? (9)

18. Identify the stage of history defined by "a few kings and lords at the top and masses of slaves and serfs at the bottom." (9)

19. Under feudalism, what were "[t]he principal lessons that children had to learn"? (9)

20. Paraphrase paragraph 10.

21. Describe what happened to children "[w]ith the rise of industry". ("People, including young children...") (11)

22. Write out what happened to "[t]he labor of children" with the rise of industry? (11)

23. Identify the provisions for child labor made in "new legislation" "[i]n 1883". (11)

24. Describe how "powerful" are "[t]he human instincts to play and explore"? (12)

25. Where did "[t]he idea and practice of universal, compulsory public education develop[]"? (14)

26. Write out what "Martin Luther declared..." (15)

27. Explain why "Luther and other leaders of the Reformation promoted public education as Christian duty..." (15)

28. Identify the organization that "ran the schools" in most of "Germany". (15)

29. Identify both "the first colony to mandate schooling" and the purpose of schooling "[i]n America" during the "mid 17th century". (16)

30. Describe the "short rhymes" and "various lessons" of "the New England Primer". (16)

31. In what ways did "[e]mployers in industry s[ee] schooling"? (17)

32. For "[e]mployers in industry," what were "the most crucial lessons" to be learned in school? (17)

33. In what ways did "national leaders s[ee] schooling" differently than religions leaders

and industrial employers? (18)

34. Whom does the author "add" "[i]nto this mix" of various interests in compulsory education? (19)

35. Identify the "agenda" of the reformers. (19)

36. Identify in what way the views of religious and national leaders, employers in industry, and social reformers were similar concerning education. (20)

37. Write out "[t]he only know method of inculcation". (20)

38. For the "adults involved" in education, what "was the enemy of learning"? (22)

39. According to "John Wesley[]" why are there "no play days [or] any time for play on any day"? (23)

Blows	Blows	Taps with	Blows	Blows to	Boxes on	Blows on
with a	with a	a ruler	with a	the	the ear	the head
rod	cane		hand	mouth		

40. Create, title, and fill in a similar chart using the data in paragraph 24:

41. Make a list of the reasons that "John Bernard...was beaten regularly by his schoolmaster". (25)

42. Describe what happened to "[t]he methods of discipline..., the lessons..., the curriculum..., and the number of hours, days, and years..." during "the 19th and 20th centuries..." (27)

43. Write out the "certain premises about the nature of learning [that have] remained unchanged:" (28)

44. Identify the "term" that "educators...avoid" and in its place use "terms like 'discovery'". (28)

45. What happens to "[c]hildren whose drive to play is so strong that they can't sit still for lessons"? (29)

46. Write out "the leading lesson of our method of schooling." (30)

47. Write three questions based on your understanding of the reading that go beyond

what was mentioned in the article. For example: If school were voluntary, would our society become more ignorant?

48. Write three inferences based on your understanding of the reading that go beyond what was mentioned in the article.

For example: There are many people who will argue against voluntary education.

49. Identify three of the five themes of world history that apply to the article and explain your reasoning for selecting each theme. The five themes are in the course syllabus and they are listed at: http://weisun.org/worldhistory/pages/five_themes.pdf For example: <u>Theme 1</u> applies to the article because in nomadic society, people directly interact with the environment when hunting with spears made of wood and rock and bone. <u>Theme 2</u> also relates to the article because of the interaction of culture to use education for religion and national ideologies. <u>Theme 5</u>, development and transformation of social structure, is important for understanding how the agricultural and industrial revolutions changed families from people who worked together to people who work different jobs.

50. Identify the time periods and stages of world history that apply to the article and explain your reasoning for selecting the time periods and stages. The time periods and stages are in the course syllabus and they are listed at: http://weisun.org/worldhistory/pages/time_periods.pdf

Complete footnoted vocabulary by writing the word, its part of speech, its definition, and a sentence that demonstrates that you know the meaning of the word. Please note that the sentence is on the next line, after the definition. <u>No matter where the definition ends</u>, <u>go the next line and write your sentence</u>. See number 1: prodding and number 7: suppress.

1. prodding: participle: verb: prod: persuade (someone who is reluctant or slow) to do something

Throughout the semester, Mr. Wilson can be seen prodding his students to read and write.
